## FOREWORD

Opera Gallery New York is honored to present a solo exhibition celebrating the internationally acclaimed painter and sculptor Manolo Valdés. Fascinated by matter and its properties, the artist gives it life in an unparalleled way. Aluminum, bronze, resin, stainless-steel, burlap, wood, oil, mirror, alabaster... all these materials gather to reveal the classical theme of the female portrait under a new light. Conceived as an ode to color, portraiture and iconography, the exhibition draws heavily on Valdés' stunning interpretation of art history and is a glorious tribute to masterpieces by El Greco, Pablo Picasso, Henri Matisse and Constantin Brancusi among others. Using a broad range of raw materials Valdés subverts, reinvents or reinvigorates familiar images by masters from another era.

The artist's sculptures and paintings previously relied on the intrinsic color of the material: white alabaster, gold brass, rusty browns and copper greens, but here one can see a revived interest in vibrant colors, predominantly with the use of primary colors such as blues, reds, and yellows, but also greens and pinks, especially dominant in the mixed-media paintings. The Menina, emblematic figure of his work and reminiscent of Diego Velázquez's 1656 painting *Las Meninas*, is presented here in a variety of bold colors: violet, red, white, black, and navy blue.

Valdés began his career in the 1960s as one of the founding members of Equipo Crónica, a group of artists who took inspiration from Pop Art to challenge the Spanish dictatorship of Francisco Franco. The collective ended in 1981 and Valdés moved from Madrid to New York City a few years later. Dividing his career into a pre- and post-Manhattan, this major shift in his life altered the aesthetic of his work as well as his direction into his very own unique artistic expression centered on the appropriation and reinterpretation of masterpieces.

Valdés' work is included in important public collections such as: the Metropolitan Museum of Art (New York), the Centre Pompidou (Paris) and the Peggy Guggenheim Collection (Venice and Bilbao). His sculptures have been exhibited in many public spaces such as Berkeley Square in London, the Piazza del Duomo in Pietrasanta, and the Avenue Georges V in Paris.

We are honored to present the work of Manolo Valdés, one of the most influential Spanish artists of the 21<sup>st</sup> century in our New York Gallery.

## NEW YORK

Presenting a range of artists from Modern Masters to Contemporary talents, a number of curated thematic and monographic exhibitions are presented in our New York gallery in addition to our participation in local and international art fairs.

New York is known to be one of the greatest creative and artistic epicenter with its numerous museums, foundations and art fairs, and Opera Gallery is delighted to enrich these artistic and cultural initiatives. The prominent location on Madison Avenue offers three expansive levels of gallery and exhibition space, and is centrally located near Central Park, luxury boutiques, a helm of world-class museums, and the Park Avenue Armory.
